

The Knife of the Cross

“Holy Spirit,
apply the knife of the cross to every bit
of the old life in me,
wherever Thou canst see it;
in the places where I do not know it,
especially down deep into secret pride.”

“Pray the Lord to keep the knife of the cross
applied to every part of your being,
your cleverness of intellect,
your self-confidence, your sympathies,
your affections.

Let the knife be used by God all the time,
not yesterday but today.
This means keeping the material which the
enemy can fasten upon out of his way.
The bullet-proof place of victory is only to be
known through the knife of the cross being
kept continually applied to the
old creation day by day.”
