

Titus E News unites the hearts and minds of women around the world with scripture, a personal prayer, and prayer for the world. Each week the E News quotes the scripture of the week and a personal prayer. Each month offers a prayer focus for a particular part of the world as God has called us to make 2009 a year of prayer for revival for the world. The E News offers guidance in praying by listing specific prayer requests from women associated with Titus who are serving in the part of the world that we are focusing on. It also gives guidance in praying for women's conferences and retreats

across the country. We hope that the E News will be a wonderful way for you to know and be a part of what God is doing in and through Titus Women's Ministry and around the world. If you would like to receive the E News on a weekly basis through e-mail, please contact us at [TWMinistry@aol.com](mailto:TWMinistry@aol.com) or sign up below.
